Subject: RE: Acreage for Cell Building Area

Good afternoon Gina.

The soil cover across the Cell Buildings Area encompasses a surface area of approx. 5.4 Ac. Within that, the two building footprints plus the intervening salt plant area comprise approx. 2.4 Ac.

Hope that provides the information you seek and if not feel free to call...and Happy Friday to you as well.

Kirk

Subject: Acreage for Cell Building Area

Hi Kirk,

Would you let me know the acreage of the Cell Building Area? I have looked in a variety of LCP documents and cannot find the size of the area. Thanks and happy Friday!

Best regards,
Gina
